

RIDGELINE WANAKA

INFORMING GUESTS OF THE RISKS OF TAKING A SAFARI PRIOR TO BOOKING

Important Safety Information: There are inherent risks in Ridgeline Wānaka's off-road adventures. We travel remote and sometimes steep farm tracks with steep drops below tracks. Should an accident occur causing a vehicle to leave the track there is a risk of serious injury and possible death to all onboard. Be assured that we take safety very seriously. We follow strict safety guidelines Our Safety Management Systems are externally audited annually to minimise the risk. Our guides are professional drivers and fully trained to drive these tracks. We have never had a vehicle leave the track in 15 years of operation but you need to know that sometimes accidents can occur. We want you to be fully informed before you make the decision to book with us. Please don't let this put you off...we have families too and want to come home safely every day also!

May not be suitable for those with back issues or late stage pregnancy,
